

Walking distances as follows (approx):

1. From the main house to the River (10 minutes)
2. From the main house to the Celbridge Entrance Gates (10 minutes)
3. From the main house down to the river and across to the Batty Langley Lodge (30 minutes)
4. The longest walk starting at the main house and working in an anti-clockwise direction around the demesne (60 minutes).

Please note this map is not to scale. The overall area of the Castletown demesne is approx 120 acres.

CASTLETOWN

Parkland & River Walks

Welcome to Castletown's Parkland and River Walks.

We hope you enjoy your walks around the beautiful 18th century designed landscape with its many restored garden buildings. There are many species of trees and wild flowers growing in the demesne, especially along the edges of the walks. If you find a tree/plant you would like to identify, take a photo and email it to us and our gardeners will contact you with details. For more information on our guided walks, school groups, etc., please contact 00353 1 6288252 or email castletown@opw.ie.
